

2.1.1 Changing the display language

2.1.1.1 setting

Spectre Cloud is available in nine display languages. Changing your display language updates all menus, labels, and interface text across the app — your bowler data and spec sheet content are not affected.

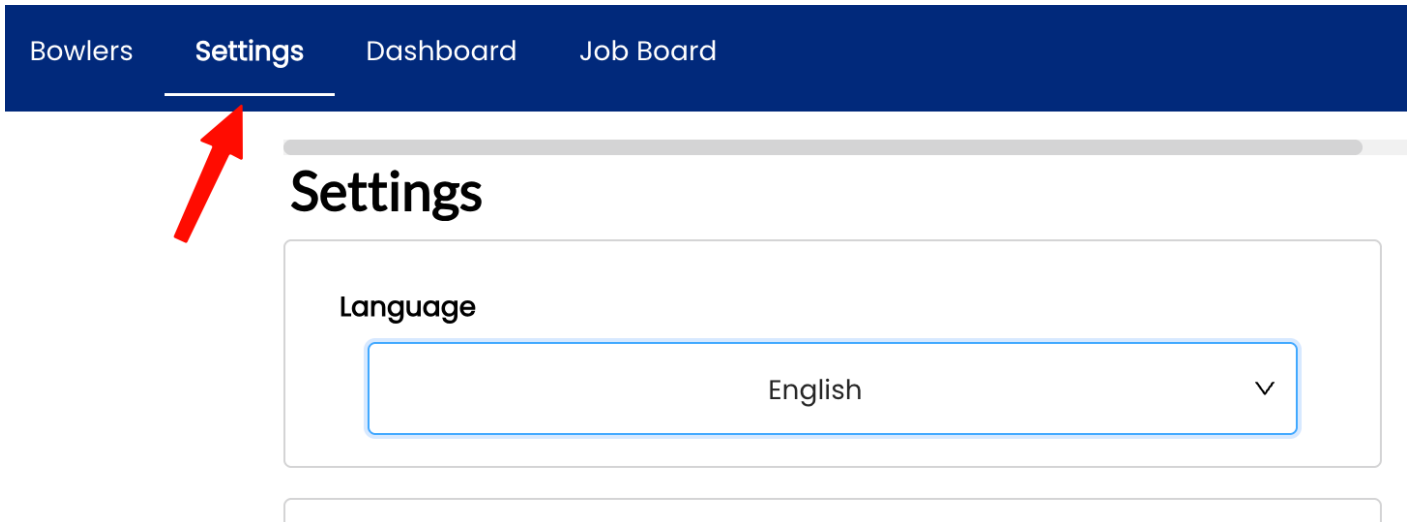

☰ Available Languages

Language	Code	Coverage
English	en	Full interface
French	fr	Full interface
Spanish	es	Full interface
German	de	Full interface
Italian	it	Full interface
Japanese	ja	Full interface
Korean	ko	Full interface
Portuguese	pt	Full interface
Simplified Chinese	zh-Hans	Full interface

☰ Changing the Language — Desktop

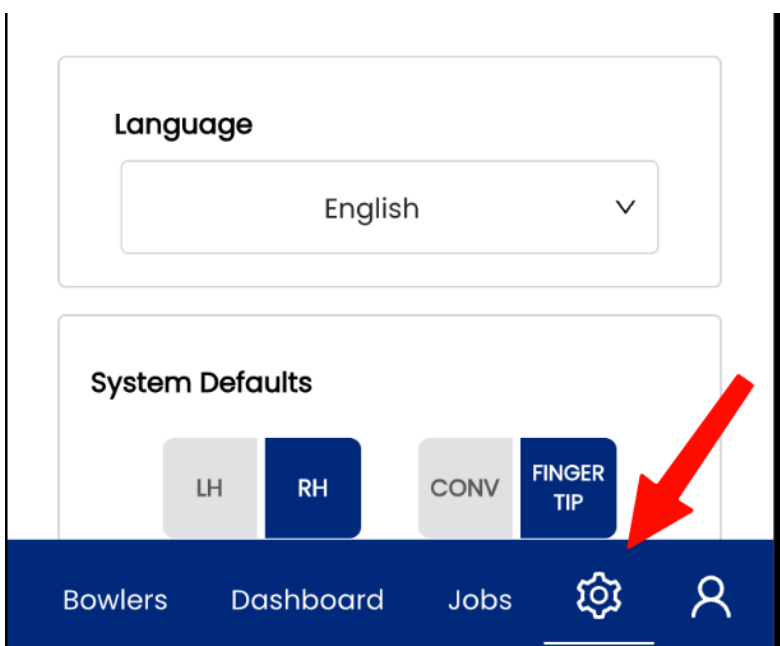

1. Open Spectre Cloud at cloud.spectrebowling.com and log in.
2. Select **Settings** from the menu.
3. Navigate to the **System Defaults** section.

4. Locate the **Display Language** field and select your preferred language.
5. Changes are saved automatically. The interface will reload in the selected language.

☐ Changing the Language — Mobile

1. Open Spectre Cloud at cloud.spectrebowling.com and log in.
2. Tap the **avatar icon** in the top-right corner to open the Profile menu.
3. Tap **Settings**.
4. Navigate to the **System Defaults** section.
5. Tap the **Display Language** field and select your preferred language.
6. Changes are saved automatically. The app will reload in the selected language.

Does the Language Setting Sync Across Devices?

Yes — your display language preference is saved to your Spectre Cloud account, so it stays consistent whether you log in from a desktop browser, tablet, or mobile device.
